Student Awards Assistance 2018 – Information for Year 1 University/UCM students

Details of amended financial support arrangements for students going to University/UCM in September/October 2018 will be available soon, subject to approval of this year's Amendment Regulations by Tynwald on 19th June.

In the meantime we are still able to take early 'conditional' applications via our online application portal which can be found on the IoM Government Online Services platform via the following link:- <https://services.gov.im/>

The online application service requires applicants to undertake a quick registration process and to then provide:-

- ✓ details about the course to be studied
- ✓ the student's NI number
- ✓ student's bank account details
- ✓ contributors' tax reference number(s)
- ✓ contributors' income details.

It is recommended that these details are to hand before completing the online form.

Applications for new Year 1 University/UCM students are being prioritised this year and early 'conditional' applications are encouraged and welcomed. These applications will be processed on a first come-first served basis and in order to prevent processing delays, applicants should provide all required information and documentation as soon as possible.

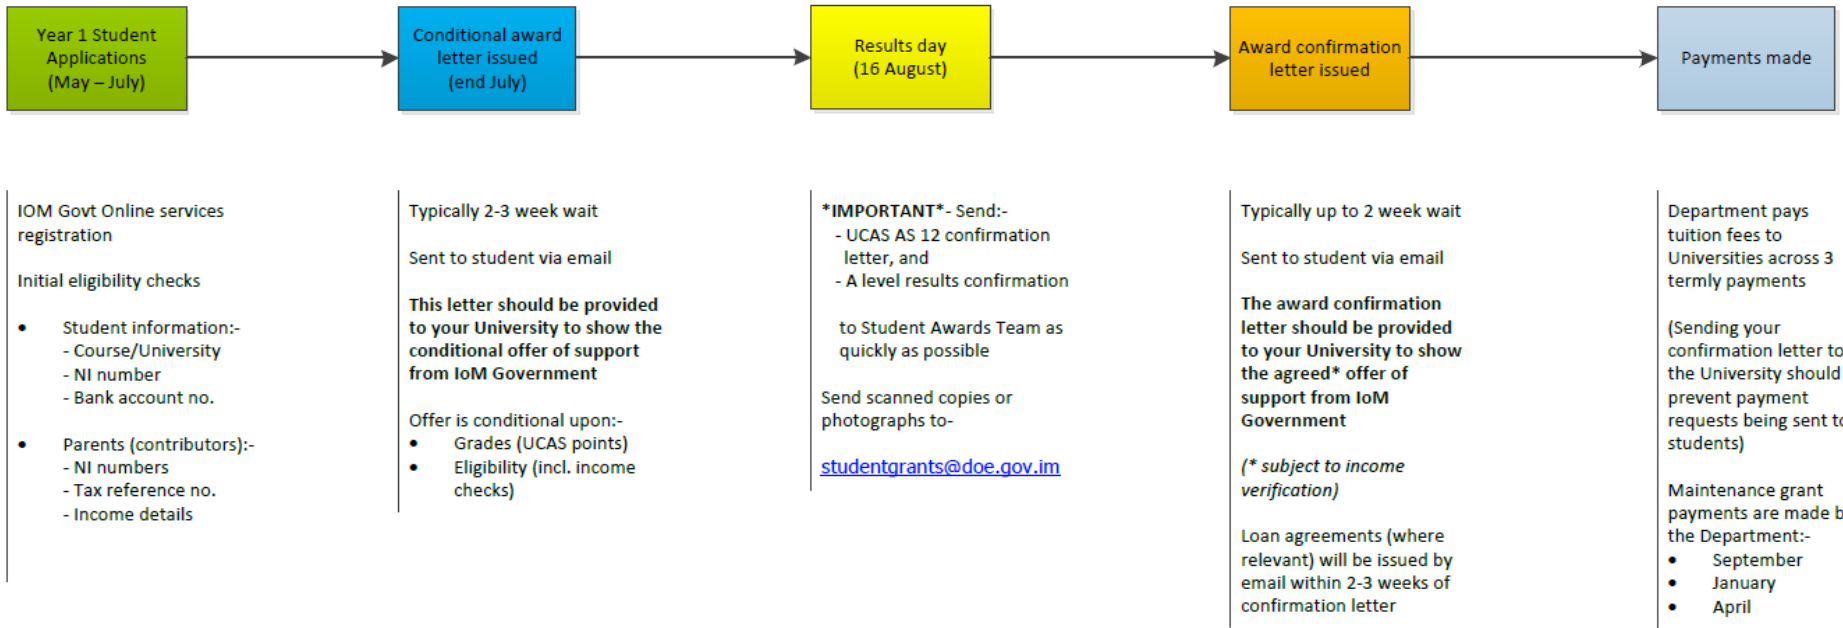

As this is a busy time for the Student Awards Team, in order to help us give the best service possible it is requested that students/parents visit our website <https://www.gov.im/student-grants> in the first instance where a range of information, documents and FAQ sheets can be found.

An overview timeline of the student awards application and offers process is attached for information.

Yours sincerely
