

“Full STEAM ahead for Love Tech's Easter Open Afternoon at the Engine House in Castletown - An opportunity for children to learn about all things STEM (Science, Technology, Engineering and Mathematics)

We're delighted to announce our Easter Open Afternoon on **Saturday 13th April** at the **Engine House in Castletown from 12.30-2.30pm**.

The **FREE** event, open to the general public, is aimed at children of all ages (girls and boys). The action-packed **afternoon** will include free activities including science experiments stations, a robot controlled Easter egg hunt, cool coding for beginners, virtual reality experiences, interactive maths challenges, craft and storybook zone, crypto puzzles and a dedicated 'Meet The Mentors' zone where we'll be joined by local scientists and more.

The Love Tech team and female mentors including scientists, games developers to name but a few, will all be on hand throughout the event to chat to parents and to help inspire the children present, to explore the exciting opportunities in STEM.

Light refreshments will be available on site. Free onsite as well as offsite parking will be available in nearby areas. In order that we can keep track of numbers on the day, we'd really appreciate you registering for the required number of tickets via Eventbrite <https://www.eventbrite.co.uk/e/love-tech-easter-open-afternoon-registration-57393324980>

We look forward to seeing you there.

The Love Tech Team

About Love Tech

Love Tech is a not-for-profit run by a group of local female business leaders and technologists on the Isle of Man. We aim to inspire and empower girls and young women to explore opportunities in Science, Technology, Engineering and Mathematics (STEM) through interactive events, learning workshops and mentorship on the Isle of Man.”
